

Hostelling International USA Groups Love Us!

HI-USA is America's largest network of quality hostels

As a non-profit organization, HI-USA offers low-cost, culturally and environmentally conscious places to stay for groups of all ages and sizes in both rural and urban settings.

Why choose HI-USA hostels over hotels?

We offer lower prices in comfortable dormitory-style rooms so that your group shares fewer rooms. We also provide common rooms and self-service kitchens to help make your trip more fun and rewarding.

Where can you stay in HI-USA hostels?

Our 70+ hostels are located across the US. We are in major cities close to all the sites and attractions as well as in spectacular locations where you can explore National Parks, natural wonders, cultural sites, and historic places.
